

LET'S BE CLEAR

**We all want to express ourselves clearly
and to connect with people around us**

Face masks help keep us all safe.
But for people who rely on lip
reading and facial expressions
to understand, they make
communicating difficult.

**Simple ways we can all
make a difference:**

**Wear a clear face
mask if you can**

**Take your
time**

**Use hand
gestures**

**Find somewhere
quiet**

**Look out for the
disability lanyard**
